Dear Customer;

The enclosed is a complete description of the files which the Assessor of Property has made available to you. The information following the file layouts, are tables that describe fields that contain codes. The files are stored in a self-extracting archive file called OPTXDNLD.EXE. To extract these files, run the program by double clicking it in windows explorer or by typing the name and pressing enter at the DOS prompt. Once extracted, these files will require about 150mb of hard drive space. Below is a name and brief description of each file.

OPTXNWP.DAT = General Parcel Information – This file contains basic property information, owner information, descriptions, sales information, total land value, building value, appraisal, and assessment.

OPTXNWB.DAT = Building Data – This file contains information directly related to specific buildings for specific parcels. There may be multiple buildings per parcel.

OPTXNWL.DAT = Land Data - This file contains information directly related to the land associated with the parcel. There may be multiple land records per parcel.

OPTXNWC.DAT = Commercial Building Data - This file contains information directly related to specific commercial buildings for specific parcels. There may be multiple commercial buildings per parcel.

OPTXNWM.DAT = Misc. Improvements - This file contains information directly related to misc. improvements for parcels. A misc. improvement may be a parking lot or a fence or other non-building improvement. There may be multiple misc. improvements per parcel.

If I can be of any further assistance, please don't hesitate to contact me.

Sincerely,
David Murphy
Systems Analyst
